

Summer has come and gone and fall is in the air!

LAGOON PROGRESS UPDATE

We are happy to report stage 2 of the project has been tendered. All tenders are in the process of being reviewed by our engineer. We anticipate the contract for this portion of the work to be finalized by the end of the month! You should see work happening with a new pumping station being built near the existing one and also one being added near our existing lagoon.

CEMETERY RECORDS

Please be advised the Administration Office requires notification any time there is a burial at the Carnduff Cemetery. This is to ensure burial is properly recorded and placement of the burial is correct.

We also encourage you to place or update a headstone at your earliest convenience.

The Administration Office receives numerous inquiries each year of individuals looking for past loved ones. It is unfortunate when the information being requested is not available.

If you have any questions about purchasing a plot, updating records, donations or maintenance we invite you to contact the Administration Office.

REC REPORT

We had a very successful season at the Ball Diamonds this year. The

11U boys went undefeated in Mossbank for the Provincial title and the 13U boys had a nail biter final game at Provincials to bring home the silver medal. The Cosmo's, Astro's and the U12 Cosmo's were league champions, the Steelers had a great weekend of ball in town to advance to the National's in Newfoundland. Congratulations to all.

Stevie's Campground has been very busy all season as well, with most weekends especially seeing all the sites full. It's a great addition to have at our diamonds!

The Swimming Pool remained steady all season. Swimming lessons were well attended and Aquasize was started up again this year. It sounds like they had a very successful year and are already planning for next season.

Summer seemed to rush by, as it always does, and its time to start thinking of all the winter activities.

The Fast Centennial Arena has the ice ready to go for Power Skating and Conditioning Camp to start October 2-2019. We are happy to have Kim Casavant back for another Weekend Stride Jamboree at the end of October. The final major project for the rink renovations was to complete the west side bleachers. Thanks to countless hours by many volunteers they are installed, painted and ready for the 2019-2020 season!

We would like to extend a huge welcome to our new Public Works Supervisor, Shane Sterling. Shane started working for the town the beginning of October. We are excited to have him join our team!
