

It's hard to believe fall is just around the corner. We hope you had a great summer and were able to enjoy some of the sunshine and warm weather.

PLEASE USE WATER!

Please use water...a statement you will rarely hear from us! We are asking for assistance from the public throughout the month of September. As you are well aware, we are in the process of installing a new bio-filtration system at our water plant, replacing our aging green sand filtration. This system cannot be brought online until all "seeding" has been completed. In order to seed the filters, there has to be constant movement of water through the system. The way the filters are fed from the well, we are required to process a substantial amount of water through our existing system. This means we have too much water for our required usage. Throughout the month of September, in order to assist with this process, we are asking residents to use as much water as possible and we will only charge you for basic water and sewer usage for the month. **That's right, please use as much water as you can this month and you will only be billed the basic rate.** We thank you in advance for your assistance with this. *Please note this is only for the month of September & for Town of Carnduff residents ONLY!*

Livingtree Environmental completed a community survey in July of the elm trees in Carnduff. There have been 8 trees identified as diseased in the community. The Administration Office and Public Works Foreman will be working with property owners to ensure diseased trees are disposed of. If you are a property owner with a diseased tree which were marked by red spray paint or flagging tape, you will receive a letter with more information in September.

DUTCH ELM DISEASE (DED)

We would like to remind residents it is **ILLEGAL** to transport, store or buy elm firewood.

REC REPORT

It's hard to believe summer holidays are over and school starts back up this week! The pool is now closed for the season, we had a busy summer with 3 full sets of lessons, Aquasize, lap swim, public swimming and a few fun nights thrown in there. We hope to see you all back next year!

The arena will be getting the ice in by the end of the month, hoping to be back on the ice the start of October. The arena board held a Par 3 golf tournament August 27th to help kick start fundraising with our end goal being new additional dressing rooms. We will also be hosting a Ringside Wrestling event on September 17th. Watch Facebook for more details on this event.

Hockey registration is now live for Carnduff Minor Sports. If you would like to register your child, the link is www.carnduffball.rampregistrations.com We are looking forward to a great season of hockey!

Carnduff Lacrosse is hosting a fall lacrosse program again in town, follow their Facebook page for all the details of their organization and events.

Carnduff Golf Course is still in fantastic shape. They hosted many successful tournaments this season, we are so grateful to be back to full capacity. If you haven't been out for a round yet this year, don't wait!
