

Happy New Year to all of our residents. Wishing everyone health and happiness in 2019.

## LAGOON PROGRESS UPDATE

In 2018 we completed Phase 1 of the project which included the construction of the lagoon cells. We are still working with the government on the scope change for Phase 2 which includes an additional lift station.

## EMERGENCY NOTIFICATION SYSTEM

We would like to again remind residents of the importance of confirming receipt of notifications. In some instances if a confirmation is not complete, staff are required to go door to door to notify residents.

When confirming via text message, you may be given a notice that standard text messaging fees will apply. This simply means you will pay whatever your carrier charges you for text messaging. If you

pay per text message, you will be charged for your response. If you have a plan which includes text messaging, no charges will apply.

If you would like to change the way that you receive messages, simply contact the office and we can update our records with your preferences. If you still do not receive messages, please contact the Town Office and we can get you added to the system.

## EMAIL BILLING

Do you receive your utility bill via email? Did you know you could? If you would like to receive your quarterly utility bill via email please call the office at 306-482-3300 or email us at [info@carnduff.ca](mailto:info@carnduff.ca) and we will get you switched to emailing billing.

As much as we appreciate email billing, due to system limitations you will still

receive your tax notice and garbage renewal via paper bill.
