

November has arrived!

SNOW REMOVAL

It is that time of year again, any day the snow will fly! We would like to share a few friendly reminders with residents to help ensure safe and efficient snow removal by our public works staff.

Snow removal of streets always commences with emergency routes first, followed by main thorough ways, then all remaining residential streets.

Parked vehicles, garbage and recycling bins all create a nuisance

when it comes to snow removal. They are hard to manoeuvre around, especially if it has been a large snowfall. We ask residents to please be aware of this and ensure vehicles and bins are moved in a timely manner.

From time to time you may notice a bit of a ridge is left at the end of your driveway. This can happen with large or heavy snow falls. The snow becomes too full for the blade to carry the entire distance of large or multiple driveways and is not intentionally being left.

It is also important for residents to remember any snow from private property or driveways is

to be deposited on the property the snow originates from and NOT municipal boulevards or neighbouring properties.

2021 PROPERTY TAXES

Just a friendly reminder that all property taxes must be paid by December 31st, 2021 to avoid penalty!

In the Spotlight

LOCAL BUSINESS:

Zaanti Spa & The Wilmot Project

Zaanti Spa has been in business for nearly 12 years now. It started on Broadway in Carnduff and eventually opened in the old town hall building on Railway Ave. The Wilmot Project has been open for just over a month now, located in the old firehall

behind the building. The entire building is a place of healing and wellness and serves both local clients and clients from surrounding communities.

Zaanti now has three hairstylists and one apprentice, three aestheticians, two registered massage therapists, and two yoga instructors. The space is a place for motivated self-employed trades persons to work together and thrive while serving their clientele.

The Wilmot Project is quickly becoming a well-known open space gym that welcomes clients of varying ages to come in 24/7 and work on their health and fitness.

We proudly bring quality service to our community and are constantly welcoming new clients!

LOCAL ORGANIZATION/VOLUNTEER:

St. Andrew's United Church Women (U.C.W.)

The St. Andrew's U.C.W. in Carnduff was established in 1962 with 6 different units. These groups of women met at each others homes. Today one group of women known as the St. Andrew's U.C.W. work together for the betterment of the church and community.

Some events held by the U.C.W. throughout the year are varied and include soup and sandwich luncheons, World Day of Prayer, New 2 You Boutique in the spring and fall, Fowl Supper, women's rally with neighbouring communities, Santa Cause for children of the area, Christmas Party with entertainment at the Sunset Haven for the seniors, and assisting families with lunches and time for sharing following the loss of family.

The next big event being planned is Santa Cause. Anyone willing or interested in helping with this event is welcome to contact President Bev Needham at 306-482-8759.

REC REPORT

The rink is in full swing, we had a very successful Power Skating &

Conditioning Camp program in October.

November brings all Minor Hockey, the Red Devils and our

Figure Skating Club hits the ice again. For now, mandatory masking is our only public health guideline. Stayed tuned on our Facebook page for any updates to guidelines. The live Arena schedule can be found on the Town of Carnduff webpage under Rec Schedules, have a look! We can't wait to see everyone there.

Carnduff Curling Club is now taking registrations for the season. Give Rachelle at 306-482-7094 or Jodie at 306-339-7687 a call to register. Don't have a team? No worries, we'll try to find you one! No experience required, come on out and enjoy an evening out a week! Due to the Curling Club holding a liquor license, there is a double vaccination policy in place. If you have any questions, give Rachelle or Jodie a call. We are hopeful to offer a junior program this year as well as the afternoon curling with enough attendance. Give us a shout if you have any questions.

The Golf Club has officially closed for the season. How lucky were we to have such great weather to continue playing well into October! A huge thank you to the grounds crew for keeping our course in such great shape.

A HUGE THANK YOU to all our facility boards. They do a tremendous amount of work behind the scenes to have our facilities open on schedule while doing their best to make improvements and updates all the time. We have a fantastic community of volunteers, we couldn't do it without!
