

We hope you are enjoying your summer so far!

We would like to take a moment to send a much deserved **Thank You** to all of our volunteers. Volunteers are truly what make a community tick and enable so many great recreation and culture opportunities for our residents.

“Volunteering is the ultimate exercise in democracy. You vote in elections once a year, but when you volunteer, you vote every day about the kind of community you want to live in.”

LAGOON UPDATE

The new lagoon project is moving forward. A pre-

qualification for contractors was completed in June for the construction of the two cells and the force main. The tender for the project has been issued and we are hopeful the contract is awarded this month with construction to begin by early fall. Design work is still being completed on the pumping stations. Once that is completed, that portion of the project will also be sent to tender.

WATER DISCONNECTION PROCESS

We would like to clarify with residents the procedure followed for water disconnection for accounts in arrears.

If your account is in arrears you will receive a note on your current water bill stating the amount in arrears and a date payment must be made by.

If payment is not made by this specified date a note will be taped to your door with the amount of payment required to cover the arrears and a final deadline.

If payment still has not been received by that date, the curb stop will be marked on your property and the water will be shut-off.

Please know that the Town is open to an aggressive payment plan to cover arrears however the office must be contacted with your intentions.

SPRAYING

We ask that residents please be cautious of what chemicals you are using in your yards and any dangerous effects that may be associated with them. Please be courteous of the affects it may have on your neighbour as chemicals may cause health complications.

Street Sweeping **MONDAY'S**

Please remove vehicles and garbage/recycle bins from the street. – Thank you!

EMAIL UTILITY BILLS

Email addresses for those interested in receiving their utility bills via email are still being collected. Simply send us an email to info@carnduff.ca requesting this and we will be sure to update your account with your email address for all future billings. Please note, you will still receive the newsletter along with your emailed utility bill.

RECREATION CAMP FIRES

Just a friendly reminder of the requirements for recreational campfires (As per Bylaw #379-05)

-- Any open fire must be controlled and contained by utilizing a non-combustible container or fire barricade erected in such a manner so as not to allow the fire to spread on the ground.

-- Any recreational open fires shall be fully extinguished at the end of any activity.
 --- Any ashes from open fires must be stored or disposed of in a non-combustible receptacle.
